4 PRODUCTS
LDPE / HDPE liners for sacks, drums and containers.

Construction & Building Materials
2 PRODUCTS
Debris bags and FIBC bulk bags.

Built to your brief

Material selection — discuss the product, storage conditions, barrier needs and intended use.

Brand presentation — review artwork, print colours, window options and matte or gloss finishes.

Format & sizing — confirm capacity, dimensions, closure, roll format or box style.

Order planning — confirm quantity, lead time, delivery destination and special requirements.

Product availability, materials and technical suitability should be confirmed for each specific requirement.
